Kristin K. Bennett, Esq.  
Tetra Tech EC, Inc.  
759 SW Federal Hwy Ste 314  
Stuart, FL 34994-2923

Dear Kristin:

On behalf of the Board of Directors of the American Water Resources Association, I would like to thank you and the Board of Directors of the American Water Resources Association, Florida Section for your continued support of the Richard A. Herbert Memorial Education Fund with your most recent contribution of \$1,500. No goods or services were provided in exchange for your contribution. Our records indicate that your contribution has elevated the section's cumulative giving total to \$12,000. We appreciate your continued commitment to our educational efforts.

The Student Activities Committee has awarded \$75,540 in scholarships in the past 19 years. The latest winners are Anna Radke, University of Wisconsin-Stevens Point (undergraduate), Jacqueline Gerson, Syracuse University (graduate - M.S.) and Alice Alonso, University of Florida (graduate - Ph.D.). Each student received \$2,000. An additional \$1,290 in scholarships went to three runner-up candidates. The scholarships are for the 2015-2016 academic year.

Kristin, I would like to add my personal thanks to you and the wonderful folks from Florida for remembering Rich and helping deserving students with your donation to the Fund.

Sincerely,

Michael J. Kowalski, CAE  
Director of Operations
