7 2016 AWRA ANNUAL CONFERENCE
 Orlando - November 13-17, 2016

AWRA Florida organized a field trip to the Lake Apopka Filter Marsh (above) and Restoration project and held Networking Scavenger Hunt at Disney Springs (below).

8 PRESIDENT'S MESSAGE

Over the last 4 years, AWRA Florida has been able to accomplish its core goal of providing financial support to students and teachers throughout Florida. In 2016, over \$19,000 was awarded.

AWRA Florida continues to bring value to the Florida water resources community by hosting six technical meetings per year around the state with presentations from water resources leaders and experts.

In 2016, AWRA Florida was integral to the 2016 AWRA Annual Conference held in November in Orlando. 2017 looks to be another great year. On behalf of the entire AWRA Florida Board of Directors, thank you for your continued support and involvement.

I look forward to seeing you at one of our upcoming technical meetings.

Mark Diblin
