The path to the AWRA publication is www.awraflorida.org and all details and meeting sign-up forms will be available on that site soon. For registration information, please visit <http://www.awraflorida.org/event-908705> or contact Dymarie Perez at dymarie.perez@amec.com or 863-667-2345.

As you know, this group provides excellent networking opportunities with water resource professionals working in consulting, local government, industry and private business, regulatory agencies, academia, and the legal profession.

Sponsorship funds are used to offset the meeting costs and, most importantly, to further water resources education through the technical meeting and student scholarships.
